BOOKFEEDING PROJECT

FOR QUALITY EDUCATION

FOR EQUAL ACCESS

FOR KNOWLEDGE

FOR ALL

BOOKFEEDING PROJECT

CHALLENGE

Over one billion people in villages and rural areas in the Global South lack educational material.

Eight million people cannot read or write. Two-thirds of them are girls and women.

OUR VISION

Positive change starts with education. We Bookfeeders envision a world in which **everyone** has access to quality education.

WHAT WE DO

- We help to build public libraries for communities in need all over the world.
- All Bookfeeding libraries are equipped with carefully selected books and other educational material.
- We cooperate with local communities to ensure that all projects are sustainable.
- Bookfeeding volunteers can visit projects to bring more books, gain new experiences and share their skills.
